

JoshBrake DOT 3

DOT 3 Brake Fluid Glycol

Product Description

JoshBrake DOT 3 is a premium Polyethylene Glycol Ether Brake Fluid Glycol designed for Standard brake systems, drum brakes, older vehicles, general automotive use. Meets FMVSS 116 DOT 3, SAE J1703, ISO 4925 Class 3 specifications and delivers exceptional performance in demanding conditions.

Technical Specifications

Dry Boiling Point	205°C min
Wet Boiling Point	140°C min
Kinematic Viscosity at -40°C	1500 cSt max
Kinematic Viscosity at 100°C	1.5 cSt min
pH Value	7.0-11.5
Color	Light Amber
Rubber Compatibility	Pass FMVSS 116

Applications

Standard brake systems, drum brakes, older vehicles, general automotive use

Performance Standards

FMVSS 116 DOT 3

Handling & Storage

- Store in a cool, dry place away from direct sunlight
- Keep container tightly closed when not in use
- Shelf life: 36 months from date of manufacture
- Do not mix with other lubricants
