

# JoshRub

50 Paraffinic Rubber Process Oil

---

## Product Description

JoshRub is a premium Highly Refined Paraffinic Base Oil Paraffinic Rubber Process Oil designed for EPDM profiles, automotive seals, weatherstripping, light colored hoses. Meets IS 13631, ASTM D2226 Type 104A specifications and delivers exceptional performance in demanding conditions.

## Technical Specifications

Appearance	<b>Water white to pale yellow</b>
Density at 15°C	<b>0.865-0.875 g/cm<sup>3</sup></b>
Kinematic Viscosity at 40°C	<b>48-55 cSt</b>
Kinematic Viscosity at 100°C	<b>6.5-7.5 cSt</b>
Viscosity Index	<b>98 min</b>
Flash Point (COC)	<b>210°C min</b>
Pour Point	<b>-6°C max</b>
Aniline Point	<b>105-115°C</b>
Carbon Type Analysis - CA%	<b>&lt; 3%</b>
Carbon Type Analysis - CN%	<b>25-32%</b>
Carbon Type Analysis - CP%	<b>68-72%</b>
Sulphur Content	<b>0.1% max</b>
Color ASTM	<b>L 0.5 max</b>
Aromatic Content	<b>&lt; 1%</b>

## Applications

EPDM profiles, automotive seals, weatherstripping, light colored hoses

## Performance Standards

IS 13631

## Handling & Storage

- Store in a cool, dry place away from direct sunlight
- Keep container tightly closed when not in use
- Shelf life: 36 months from date of manufacture
- Do not mix with other lubricants
