

JoshGrease MP

EP 2 Grease

Product Description

JoshGrease MP is a premium Lithium Complex Grease designed for Bearings, chassis, general purpose. Meets NLGI GC-LB, ISO 6743 specifications and delivers exceptional performance in demanding conditions.

Technical Specifications

Penetration at 25°C	280-310 mm/10
Dropping Point	260°C min
Viscosity Base Oil	150 cSt at 40°C
Timken OK Load	40 lbs min
Four Ball Weld Load	250 kg min
Water Resistance	Excellent
Operating Range	-30°C to +150°C

Applications

Bearings, chassis, general purpose

Performance Standards

NLGI GC-LB

Handling & Storage

- Store in a cool, dry place away from direct sunlight
- Keep container tightly closed when not in use
- Shelf life: 36 months from date of manufacture
- Do not mix with other lubricants
