

JoshCirc

68 Bearing and Circulating Oil

Product Description

JoshCirc is a premium Mineral Bearing and Circulating Oil designed for Heavy circulating systems, industrial gearboxes, compressors, large bearings. Meets ISO 6743 D-68, DIN 51506 specifications and delivers exceptional performance in demanding conditions.

Technical Specifications

Density at 15°C	0.870 g/cm³
Viscosity at 40°C	68 cSt
Viscosity at 100°C	8.5 cSt
Viscosity Index	98
Flash Point	220°C
Pour Point	-25°C
Air Release	8 min max
Foam Test	150/10 ml

Applications

Heavy circulating systems, industrial gearboxes, compressors, large bearings

Performance Standards

ISO 6743 D-68

Handling & Storage

- Store in a cool, dry place away from direct sunlight
- Keep container tightly closed when not in use
- Shelf life: 36 months from date of manufacture
- Do not mix with other lubricants
