

JoshHydro AW

46 Hydraulic Oil

Product Description

JoshHydro AW is a premium Mineral Hydraulic Oil designed for Hydraulic systems, industrial machinery. Meets ISO 6743 HV-46, DIN 51524 specifications and delivers exceptional performance in demanding conditions.

Technical Specifications

Density at 15°C	0.875 g/cm³
Viscosity at 40°C	46 cSt
Viscosity at 100°C	7.2 cSt
Viscosity Index	105
Flash Point	220°C
Pour Point	-30°C
Oxidation Stability	2000+ hours
Water Separation	10 min max

Applications

Hydraulic systems, industrial machinery

Performance Standards

ISO 6743 HV-46

Handling & Storage

- Store in a cool, dry place away from direct sunlight
- Keep container tightly closed when not in use
- Shelf life: 36 months from date of manufacture
- Do not mix with other lubricants
